June 21st was officially our 1st day of summer. Take care to keep yourselves hydrated if working outside in the 100-plus degree weather. Health authorities commonly recommend eight 8-ounce glasses of water, which equals about 2 liters, or half a gallon. This is called the 8×8 rule and is very easy to remember: https://www.healthline.com/nutrition/how-much-water-should-you-drink-per-day

The month of June brought with it an amazing presentation by Victoria Greer, on behalf of Karen McCaffrey of McCaffrey Homes, at their spectacular Tesoro Viejo community in Madera. Additionally, our June election for our 2019-2020 Board was held in the beautiful Tesoro Viejo “Hub” that Karen and Victoria graciously allowed us to host our meeting in.

Congratulations to our following 2019-2020 Board of Directors:

President Janelle Romo
Vice President Jamie Ohanesian
Secretary Currently Vacant
Treasurer Yolanda Santos
Directors Donna Marie Shepherd, Caryn Wiser
Immediate Past President Teri Sherron
Parliamentarian Carolyn Mooradian, CCA, CIT

Please mark your calendars and feel free to bring a guest to our July 11th General Membership Meeting, which will feature Ms. Tinnah Medina, AIA, LEED AP, Associate Vice President of Facilities Management at CSU Fresno. We look forward to hearing about the current and future, major and minor capital projects that are on the horizon at Fresno State. If you have not had an opportunity to see all the new development surrounding our college community, now would be an opportune time to hear about future construction plans at our very own California State University, Fresno!

As a recap of last month’s edition, our August 8th General Membership Meeting guest speaker will feature Ms. Kerri Donis, Fire Chief of the Fresno Fire Department. Fire Chief Donis’ promotion of women in this industry will be one topic you will not want to miss out on. Please mark your calendars to hear all about it. Also, if you would like to see her interview by Eyewitness News 47 on Girl Power, please visit the following link to get a sneak peak on her discussion at our meeting: https://www.yourcentralvalley.com/community/franchises/girl-power-highlighting-fire-chief-kerri-donis/1897334746

Thank you,

Janelle Romo – President, Fresno Chapter 108
Wow! Mostly beautiful weather so far as we head into Summer. Lots of things have happened since last month’s Scoop.

PWB – Professional Women in Building – Jamie and Caryn were involved in auctioning playhouses built by six high schools at Fresno State’s Vintage Days, to raise money for scholarships. The top one was crafted by Clovis High School’s all-female construction team!

Ethan and his team, made Terra T’s family and friends proud with their winning the National Little League Championship game, and Ethan making the All-Start Team.

Some cats really have it made. Take Asha’s cat, Tesla, for example – sacked out and totally relaxed!

Carolyn went to visit her friend, Sue Rothwell, in Prescott, AZ, and they spent a leisurely lunch at the Lynx Lake Café. I’m sure they also did some shopping and sightseeing along the way.

Yolanda got to take a family portrait with three of her four sons. One son and daughter missed out. Sometimes it is just totally impossible to get everyone together any more.

Donna and Carolyn came to the rescue for Ms. Rin Tin Tin, whom was quickly named Lady by Donna. When Donna arrived at work one day, she was met by this beautiful dog who was dirty and hungry. She wanted to take her and give her a home at her place, but decided that maybe LillyOnna Rose would not find that too exciting. So, with the help of spreading the word – Carolyn to her hair dresser and her hair dresser to his friend – they found a wonderful home out in the country where Lady has lots of love and room to run. Good NAWIC networking, girls.

Esther and Ben proudly attended the graduation ceremony of their niece, Lilly. Graduations are such a milestone in one’s life.

For Doug’s birthday (not really saying how old he is, but…), Carolyn thought it was appropriate to take him to the Zoorassic Park exhibit of 21 animated dinosaurs at the Fresno Chaffee Zoo. I think it was a great idea – not sure Doug thought the same. But old, is old!

Terra T and her family enjoyed Vancouver and then it was North to Alaska. Hope they totally enjoyed their trip. Alaska is a beautiful place to visit.

Asha and her friends are learning how to read and play tablature ukulele music at Hālau Hula I Ka Lā - Hula Studio. Always thought that was a fun instrument.

Oh no! LillyOnna Rose got to visit the Emergency Veterinary Hospital to treat a broken paw. I really like to purple cast she has – not sure she thinks it’s that great. Hope she has a quick recovery.

Pauline got to take in two weekends in a row watching grandson Kyle play water polo at various Clovis high schools. Four games one weekend and six games the next weekend. Also, she and Jerry were fortunate to house several of the boys. Pauline enjoyed having all the boys, their coaches and some parents at her home while they watched game films from previous games. Kyle had several assists and also goals. For a couple of games, he shared playing goalie.

Carolyn, Deanna, Lanie and Pauline enjoyed a “girls’ night out” at the ball park. They took in a Taco Tuesday night game against Las Vegas. Grizzlies lost, but it was still a beautiful night to enjoy the game. Carolyn won the tickets at our Annual Spring Luncheon.

That’s it for this month. Send pictures and let me know what is happening in your life that you would like to share.
Prior to the creation of NAWIC, this architect was the first woman admitted to the Ecole de Beaux-Arts in Paris in 1898. The 26-year-old had already earned a degree in civil engineering from Berkeley, where she was one of just 100 female students in the entire university (and the only female engineer). After she received her certification in architecture from the best architecture school in the world, she became the first woman licensed to practice architecture in California (over 700 buildings) and an influential champion of the Arts & Crafts movement.

Q1 — What is the name of this architect?
Q2 — What massive compound is she most famous for building (Answers on Page 10)
